

Dear Debbie and Tiny Bubbles Swim School Team,

I can't recommend the Tiny Bubbles Swim School highly enough. My daughter Mieke was not confident with swimming at all and after just a few lessons with Debbie and her Team my daughter was able to swim. I could not believe the change in confidence my daughter had in such a short time. My daughter loved her time at the swim school and progressed so much over the two years, and if other schooling responsibility's did not come up she would have continued to swim with Debbie and her team. Tiny bubbles Swim School is so passionate about teaching anyone to love the water and be safe in and around it. They have a wonderful swim program and of course teachers, they are passionate and patient and really amazing with the kids. There is really no comparison between their teaching and other options around town, I would recommend Tiny Bubbles Swim School to anyone.

Regards,  
Carla Swart
